Jelena Hren is a Student Research Assistant at the Institute of Public Health, Medical Decision Making and Health Technology Assessment at the Department of Public Health, Medical Decision Making and Health Technology Assessment, UMIT TIROL - University for Health Sciences and Health Technology in Hall in Tirol, Austria.

She completed the International Baccalaureate Diploma Programme alongside the Austrian "Reifeprüfung" (Matura, high school diploma) and is currently enrolled in the Bachelor's Programme in Psychology at the University of Innsbruck. In her position as a Student Research Assistant, she is involved in research projects at the institute.

Jelena's main research interests are public health, the population-based evaluation of neurological, psychiatric, and non-communicable diseases using statistical and epidemiological methods to identify relevant determinants and inform prevention and health promotion.
