Andi Nurul Annisa is a Junior Scientist at the Institute of Public Health, Medical Decision Making and Health Technology Assessment at the Department of Public Health, UMIT TIROL - University for Health Sciences and Technology in Hall in Tirol, Austria.

She obtained a “Deutscher Akademischer Austauschdienst” (DAAD) Scholarship to pursue the Master of Science in Global Urban Health from 2023 to 2024 at Albert-Ludwigs Universität Freiburg, Germany. Her master's thesis focused on health economic evidence for pediatric oncology in the precision medicine era. In 2022, she also studied a master by research in Social and Administrative Pharmacy Programme at Chulalongkorn University, Thailand to sharpen her skills in health economic modelling, focusing on pediatric cardiology. As a registered pharmacist from Indonesia, she dedicated her knowledge to provide evidence-based pharmacy guideline through “Cardiovascular Diseases: a Handbook for Pharmacists” along with International Pharmaceutical Federation (FIP) for the Early Career Pharmaceutical Group (ECPG), Netherlands, in 2022.

Her main research interests are in public health, health economics, health policy, precision medicine with a focus on cancer and cardiovascular disease.
