Mag.rer.nat. Inge Pokorny is a Science Management Assistant at the Institute of Public Health, Medical Decision Making and Health Technology Assessment, Department of Public Health, Health Services Research and Health Technology Assessment at UMIT TIROL - University for Health Sciences and Technology in Hall i.T., Austria.

After finishing her studies in experimental physics at Innsbruck University with a master's degree she worked as a physicist at the radiotherapy department at Innsbruck's university clinic. During this time, she gained a certification in medical physics at the university of Kaiserslautern, Germany. Her next employment was in product management for a world leading company in radiation therapy equipment. She then worked as a freelancer for radiation therapy related companies, in radiation protection and for funded projects at Innsbruck medical university.

Her main research interests are Public Health Communication, Science Management, University Didactics.
